

Catalyst Gymnastics

Photography & Video Policy

To ensure a magical experience for all our young gymnasts, we have established a few important guidelines.

- First and foremost, we ask that there be absolutely no photography during classes—this allows our kids and families their privacy.
- Parents, you will have the opportunity to take a quick picture with your child on the last day, but please refrain from sharing these images on social media unless they feature your own child.
- Camera flashes are strictly prohibited, as they can temporarily blind our athletes and potentially lead to accidents. Safety is our utmost priority.
- Our staff may take photographs during classes or at events for promotional purposes, but only with prior consent from you, the parent or guardian.
- If our attentive team notices any unauthorized photography, they will promptly intervene and request a temporary halt to camera use. We strive to maintain a safe environment, and any suspicious activity will be addressed swiftly.
- The safety of your child is our primary concern. Should we observe any irregularities, we will not hesitate to take appropriate action. We encourage you to inform us of any unusual occurrences, as we are all working together to ensure a safe and enjoyable experience for our gym family.
