

Catalyst Gymnastics Photography and Video Policy

To protect the privacy and safety of all athletes and families, please follow the photography and video guidelines below:

- Photography and video recording are not permitted during regular classes.
- On the final day of the session, parents and guardians may have an opportunity to take a photo of their child. Please ensure that other athletes are not included without permission, and only share images featuring your own child on social media.
- Camera flashes are strictly prohibited. A sudden flash can distract or temporarily impair an athlete's vision, creating a serious safety risk.
- Catalyst Gymnastics staff may occasionally take photographs or videos during classes, events, or special activities for promotional purposes. Images will only be taken and used when appropriate consent has been provided by the athlete's parent or guardian.
- If unauthorized photography or recording is observed, staff will intervene and ask the individual to stop immediately.
- Any concerning or suspicious activity will be addressed promptly. Parents and guardians are encouraged to report any concerns to a staff member.

The privacy and safety of our athletes remain our highest priorities. We appreciate your cooperation in helping us maintain a safe, respectful, and welcoming environment for everyone.
